

” The unique customizable kiosk system!

Whether in a company foyer, at the POS, in hospitality or at trade fairs: the interactive kiosk system S4300S from Colormetrics is a real eye-catcher everywhere – and is customizable from the first unit!

The S4300S is more than just your customers' ideal corporate design advocate. With its robust 43" TFT display made of tempered glass (PCAP or IR touch) and 500 nits of brightness, the high-quality workmanship kiosk system sets the scene at the POS for all contents – and that at an excellent resolution of 1,080 x 1,920 pixels. That sparks both interest and encourages interactivity.

- **43" TFT display (500 nits) made of tempered glass**
- **Intel Celeron J1900 or Intel Core i3 processor / 2 GB RAM / 64 GB memory**
- **USB 2.0 and WLAN/LAN (optional)**
- **Stable frame, entirely customizable (colour + logo)**
- **Diverse features available**
